TODAY AT ZION

Churches are not places of model behavior. They have as many people struggling with sin, pain, and brokenness as those outside of church. Rather than being perfectly healthy communities, church is the place we can go to acknowledge, face, and deal with our brokenness. The book of James confronts the conflicts, tensions, and mess of church life head on. This week, as we continue our study of James, we consider the power our words can have.
